## Introduction

Although pupils in the early stages of learning English may receive some specialist intensive language support, they spend the majority of their time in the classroom with their class teacher and peers. In this booklet we suggest classroom strategies and practical activities to enable new arrivals to settle in and gain access to the whole curriculum.

- Section 1 provides some useful background information.
- Section 2 contains some information to help the child settle in and get you both through the first few days.
- Section 3 provides suggestions for supporting beginners, including ideas on using audio visual aids and ICT to enhance the teaching and learning of early stage EAL pupils.
- Section 4 contains Appendices including a Beginners Scheme of Work, Resource lists, useful addresses and a step by step guide to using multilingual fonts in Windows.

INVESTOR IN PEOPLE

## How do I make my New Arrivals feel Welcome?

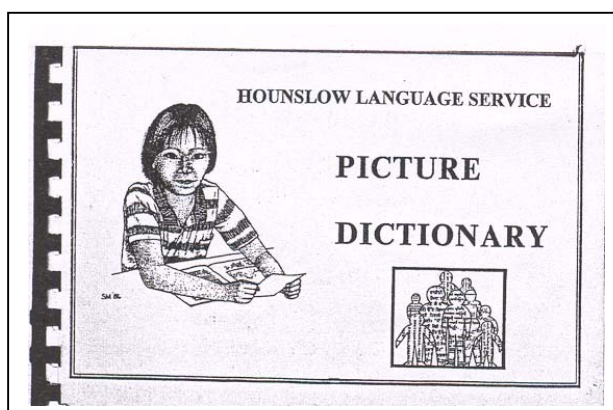

- Check the pronunciation of a new child's name – get it correct!
- Spend some time with the child as an individual

- Provide labels for everyday items in the classroom. Try to have the child's peg and tray labelled too

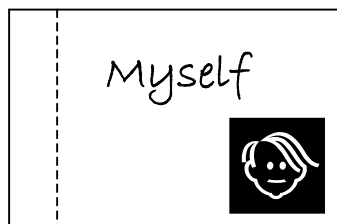

- Give a picture dictionary (available from Hounslow Language Service)

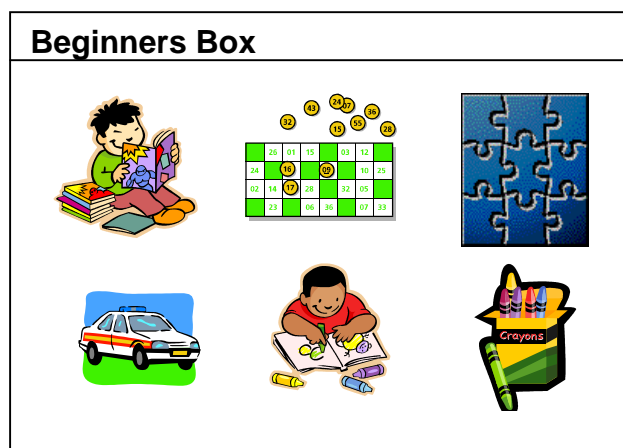

- Pair with a responsible, caring child who will act as a good role model and help to orientate the child

- Sit with a group – NOT ALONE.
- Allocate jobs that are non-verbal with a partner e.g. taking the register, giving out milk
- Start a picture book and/or a Myself Topic book

- Have magazines and books to cut out. Pictures to sort and categorise.
- Try to have some dual text books/tapes and labels in their home language. Learn a few words if you can!
- Check dietary requirements and inform SMSAS
- Have a Beginners Box of games and activities
