*Yes, it is. No, it isn't.*

### **Preparation**

Cut up into cards for each group of 3 or 4 students

### **How to use the game for groups of 4 students**

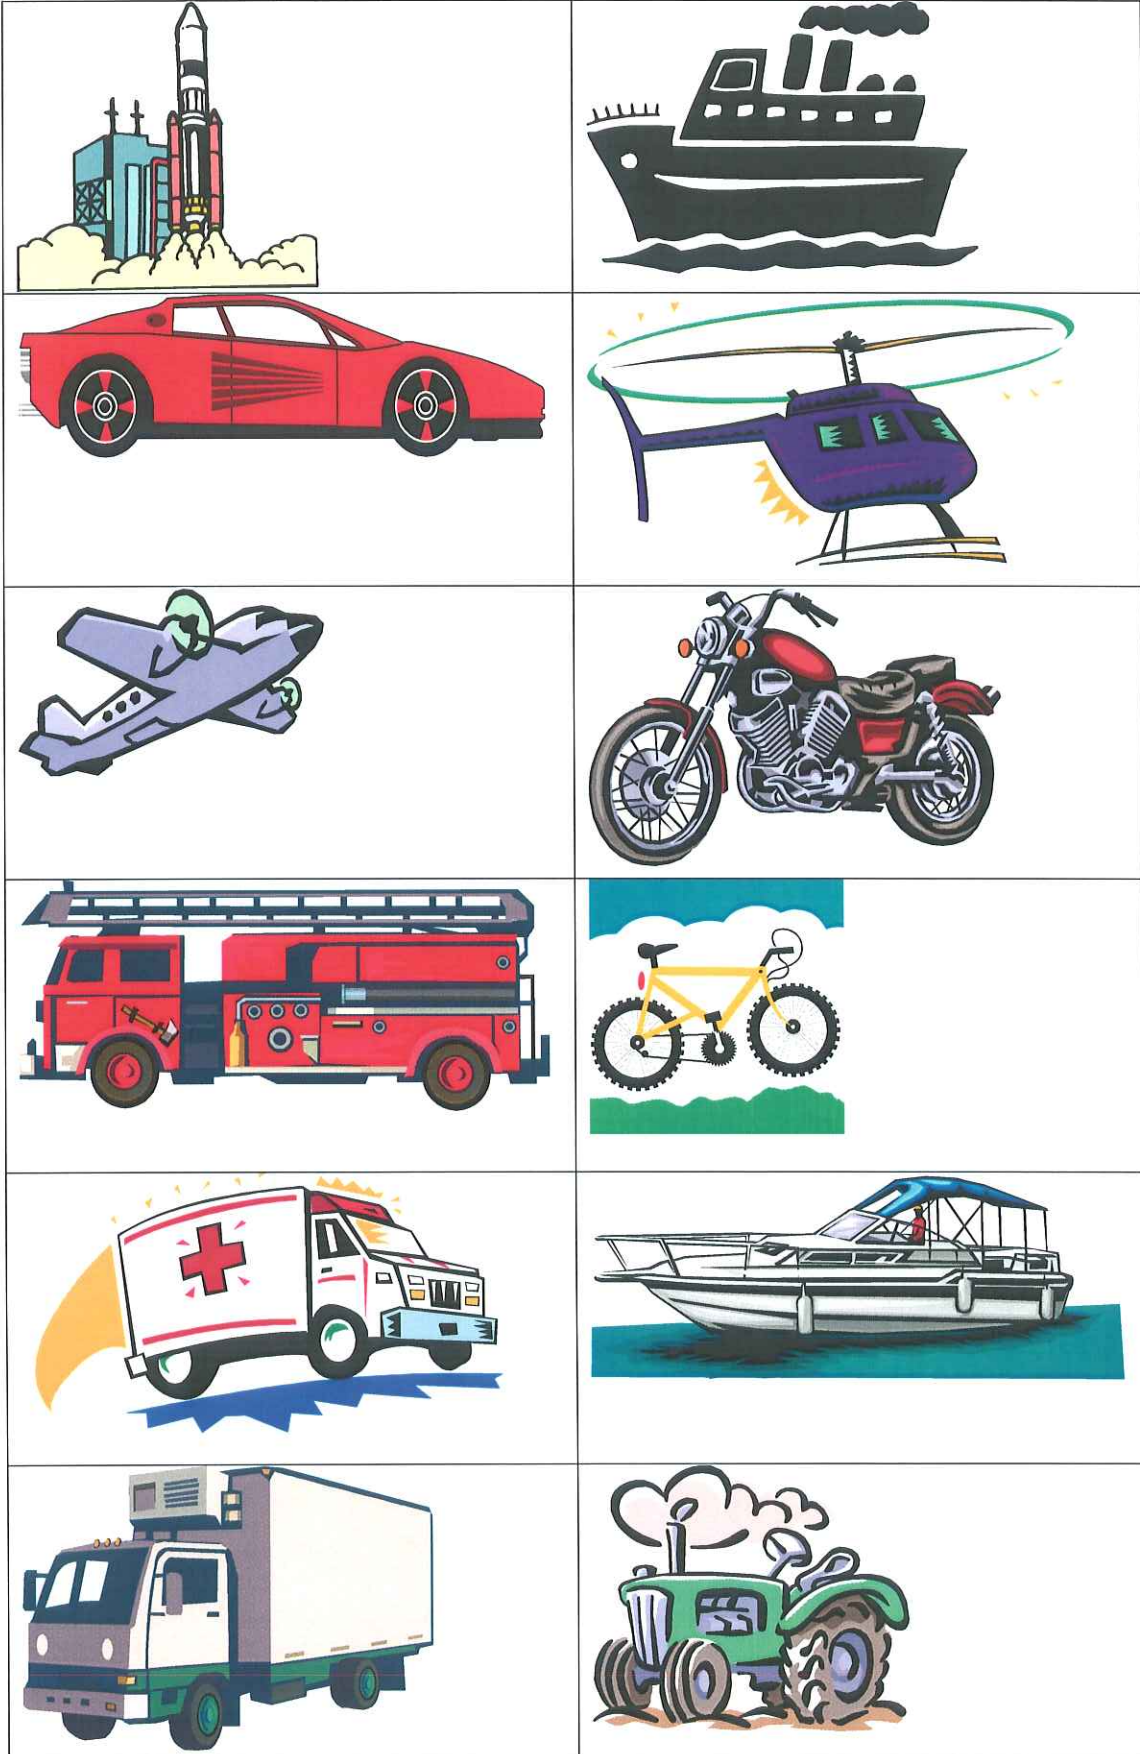

One student from each group closes their eyes. The other three students look at a card which the teacher shows them. The teacher says 'go', and the students who have seen the card need to communicate through action and words the meaning of the word/sentence to the student who had their eyes closed. The eyes-open students are not allowed to say the actual word. The team whose eyes-closed student guesses first is the winner and gets a point. Then, swap the person who has their eyes closed, and start again.

### **How to use the game for pairs**

Spread matching cards face down on the table (no more than 10 pairs). Students take turns to pick up 2 cards. If the cards match they keep the pair. If the cards don't match they go back down again. Students can match pictures, pictures to their labels, or questions and answers.

**Key rules: EVERYTIME THEY PICK UP THE CARDS, THE STUDENTS MUST SAY THE RELEVANT WORDS.**
