### Multilingual Bookmarks—Reading and talking about stories with parents

A set of 12 dual language bookmarks in Arabic, Farsi, Gujarati, Hindi, Nepalese, Panjabi, Polish, Portuguese, Somali, Spanish, Tagalog and Urdu all with English on the reverse side.

This pack of multilingual bookmarks focuses on the strategy of using questioning with stories and in talking about stories recognises the importance of involving parents.

HLS have made the book marks more accessible to new communities of parents by adding home language versions.

**To make up these bookmarks you will need to print out using duplex mode.**
