

Assessing, Setting Targets & Tracking Progress of EAL Pupils

Hounslow Language Service Ltd.

Tuesday 12th September 2017
9.30am-3.30pm

Do your staff have a system in place for assessing the language needs of EAL Learners?
How does your system link to the DfE codes for language proficiency in English for EAL pupils?

Are your staff confident in setting clear language targets and planning effectively?

Can they identify and support the needs of EAL pupils, EAL/SEND and Gifted & Talented EAL learners?

This is a one day course on EAL assessment and on planning provision to meet the specific needs of EAL pupils.

We will share our updated EAL descriptors which have been aligned to the official guidance that the DfE are asking schools to use for reporting on proficiency in English.

Participants will have the opportunity to work with an updated EAL framework to reflect the recent changes in Assessment.

We will consider how we can use the information gained to set targets and plan effectively.

In addition, we will explore strategies that support on-going assessment in the classroom.

There will also be a focus on the distinction between EAL and SEN needs, as well as recognising early Gifted & Talented indicators.

This course is suitable for all staff working from KS1-KS4.

Venue: Hounslow Language Service Ltd.
Lampton School
Lampton Ave
TW3 4EP
