This course focuses on strategies to improve grammar and the use of vocabulary in the writing of EAL and other learners in the classroom. We will examine how we can move pupils from writing the way they talk to writing as a writer.

Participants will explore a range of effective classroom strategies that :

- Raise the achievement of pupils whose writing displays grammatical inaccuracies and a lack structure
- Extend the range and appropriate use of vocabulary.
- Provide opportunities to rehearse the language need in order to write with effectiveness, accuracy and success

This course is suitable for all staff working from KS1 to KS4.
