

Developing the Academic Language and Literacy of Advanced EAL Pupils

Hounslow Language Service Ltd

Thursday 5th June 2025
Afternoon 1.00-3.00pm
Online live Webinar

This session is part of a programme that has been written by Hounslow Language Service, based on the 'EAL in the Mainstream' project which was run in partnership with Lampton School and Challenge Partners.

The original project was funded by Education Endowment Fund, Bell Foundation and Unbound Philanthropy.

The programme is aimed at Teaching Staff in all subject areas across Key Stages 1, 2, 3 & 4.

The session is designed to:

Build teacher confidence in how language works, so that they can enable pupils to convey understanding and evaluation in their subject with detail and clarity.

Equip teachers with tried and tested classroom strategies that can be easily adapted for every day teaching and learning.

Develop more fluent listening, speaking, reading and writing skills in 'developing' and 'competent' EAL pupils, with benefits to the whole class.

Intended outcomes:

EAL pupils, and others including Pupil Premium, will benefit from precise teaching and feedback to improve their language skills in key areas. Mainstream teachers will benefit from high quality training and improved language skills that will enable them to provide precise teaching and feedback, and improve literacy for all.

Suitable for all teachers and support staff working from Year 2-11.

Also useful for supporting SEN pupils with communication and interaction difficulties
